

Awareness Raising Campaign in collaboration with National Women's Council

This Office conducted an awareness raising session at Mare D'Albert on 12th February 2025 in collaboration with the National Women's Council.

The session enabled us to provide an overview of the role and services offered by the Office of the Ombudsman to 62 participants which included women's associations, retired persons and representatives of Associations.

The resource persons explained how the services can directly assist them in seeking redress in cases of maladministration against public authorities.

A total of 75 pamphlets were distributed to all participants and representatives of organisations for dissemination to their members.

The interactive session enabled participants to ask questions and share concerns directly with Investigations Officers.
