

Awareness Raising Session at Mauritius Prison Training School

The Office pursued its collaboration with the Mauritius Prison Training School this year. These sessions were aimed at sensitising Prison Officers on the role and services provided by the Office. The sessions focused on highlighting the responsibilities and duties of Prison Officers in line with the United Nations Standard Minimum Rules of the Treatment of Prisoners (The Nelson Mandela Rules) and the Ombudsman Act 1969. The sessions were followed by an interactive segment whereby participants were invited to discuss recurrent issues faced by them.
