LA/C/46/2026

Anonymous Complaint from Refuse Collector of Municipal Council of Beau Bassin-Rose Hill

On 03 April 2026, this Office received an anonymous complaint from Refuse Collectors of the Municipal Council of Beau Bassin-Rose Hill regarding the alleged entertainment of overtime allowance to one specific employee only.

2. Upon enquiry, the Municipal Council of Beau Bassin Rode Hill has reported that the team in the complaint refers to the Flying Team of the Scavenging Section, specifically created to handle daily collection of bulky waste and abnormal refuse, which are not covered by the normal collection service.

3. The Council further informed that following reconstitution of the then disbanded team, on the job training was provided to four Refuse Collectors for a period of one week to acquaint the new recruits with different sites and tasks assigned. Thus, this entailed payment of overtime as same was done after the first shift of the four Refuse Collectors.

4. In view of the above, once the training process was completed, the service of the four Refuse Collectors were no longer required, hence no payment of overtime had to be effected.
