OFFICE OF THE OMBUDSMAN

REPUBLIC OF MAURITIUS

VIRTUAL AWARENESS RAISING CAMPAIGN

The Office of the Ombudsman was established under Chapter IX of the Constitution and the Ombudsman is empowered to investigate into complaints made by members of the public whenever they allege having suffered hardship or injustice through maladministration or service failure on the part of any government officer or authority, including Rodrigues, in the exercise of administrative functions. When considering such complaints, the Ombudsman seeks to find out whether people have been treated unfairly or inconsiderately, or have received a poor service through some fault on the part of the public body providing it.

Given the prevailing COVID-19 pandemic around the island, the Office is launching its awareness-raising campaign that will focus on educating members of the public on the role and service offered by the Office.

It will also enhance the knowledge and understanding of the public of the different avenues available in case they are not satisfied with the public service.
