On 19 May 2022, the Office of the Ombudsman organised an awareness raising session with 39 young people aged 17 to 25 years, enrolled on the National Youth Civic Service (NYCS) Programme of the Ministry of Youth Empowerment, Sports and Recreation. The aim of the NYCS is to develop the youth community and promote a spirit of citizenship. With this objective, the Office seized this opportunity to educate them on their rights and encourage them to share the information with their community.
